### THE TRIBES FOUNDATION

This is a small registered charity (no. 1101766) whose main aim is to relieve the poverty of indigenous communities in areas outside the UK that are affected by tourism. It was set up by the directors of Tribes Travel, and it backs poverty alleviation, education, cultural preservation, conservation and ecological biodiversity projects. Even £5 would help the various small grassroots projects that we back. And £25 would, for example, set up a beehive in Zambia which would provide a much-needed income for a rural family.

Your generosity would be very much appreciated. For more details, please see our website at: [www.the-tribes-foundation.org](http://www.the-tribes-foundation.org)
